MANNILLE WEATHER.

+ THE OTHER SIDE OF SUNDAY OPENING.

New York Evening Post.—After the bigoted outbursts on the Sunday question of such fanatics as Joseph Cook and Merrill, it is refreshing to encounter some exhibitions of common sease on the subject. One such is made by Mr. Thomas Denby, who has charge of the American Bible Society's exhibit at the World's Fair. On being asked if he would put a reli over his Bibles on Sunday, so that the visitors on that day could not examine them, he replied with emphasis: "Not much. That isn't a good missionary spirit." He said that his people in New York rather favored hauging a curtain over the shelves, but that he "never had veiled a Bible from eyes that hankered after a sight of it yet," and at his time of life [he is white-laired] he didn't propose to begin. Bishop Fowler of the Methodiat Church tails in a sensible way about the question of attending an exposition which is open on Sunday. While regarding Sunday opening as a mistake, he lives up to the apostolic injunction, "Let no man THE OTHER SIDE OF SUNDAY OPENING tion of attending an exposition which is open on Sunday. While regarding Sunday opening as a mistake, he lives up to the apostolic injunction. "He no man judge you in respect of a Sabbath day." Whether a Christian man should withdraw from it entirely—that is a matter for him personally to decide. For myself, I shall attend week days as much as other dutles and financial conditions will permit."
